

StEPP Foundation

Funds renewable energy, energy efficiency and pollution prevention projects with significant, measurable environmental benefits.

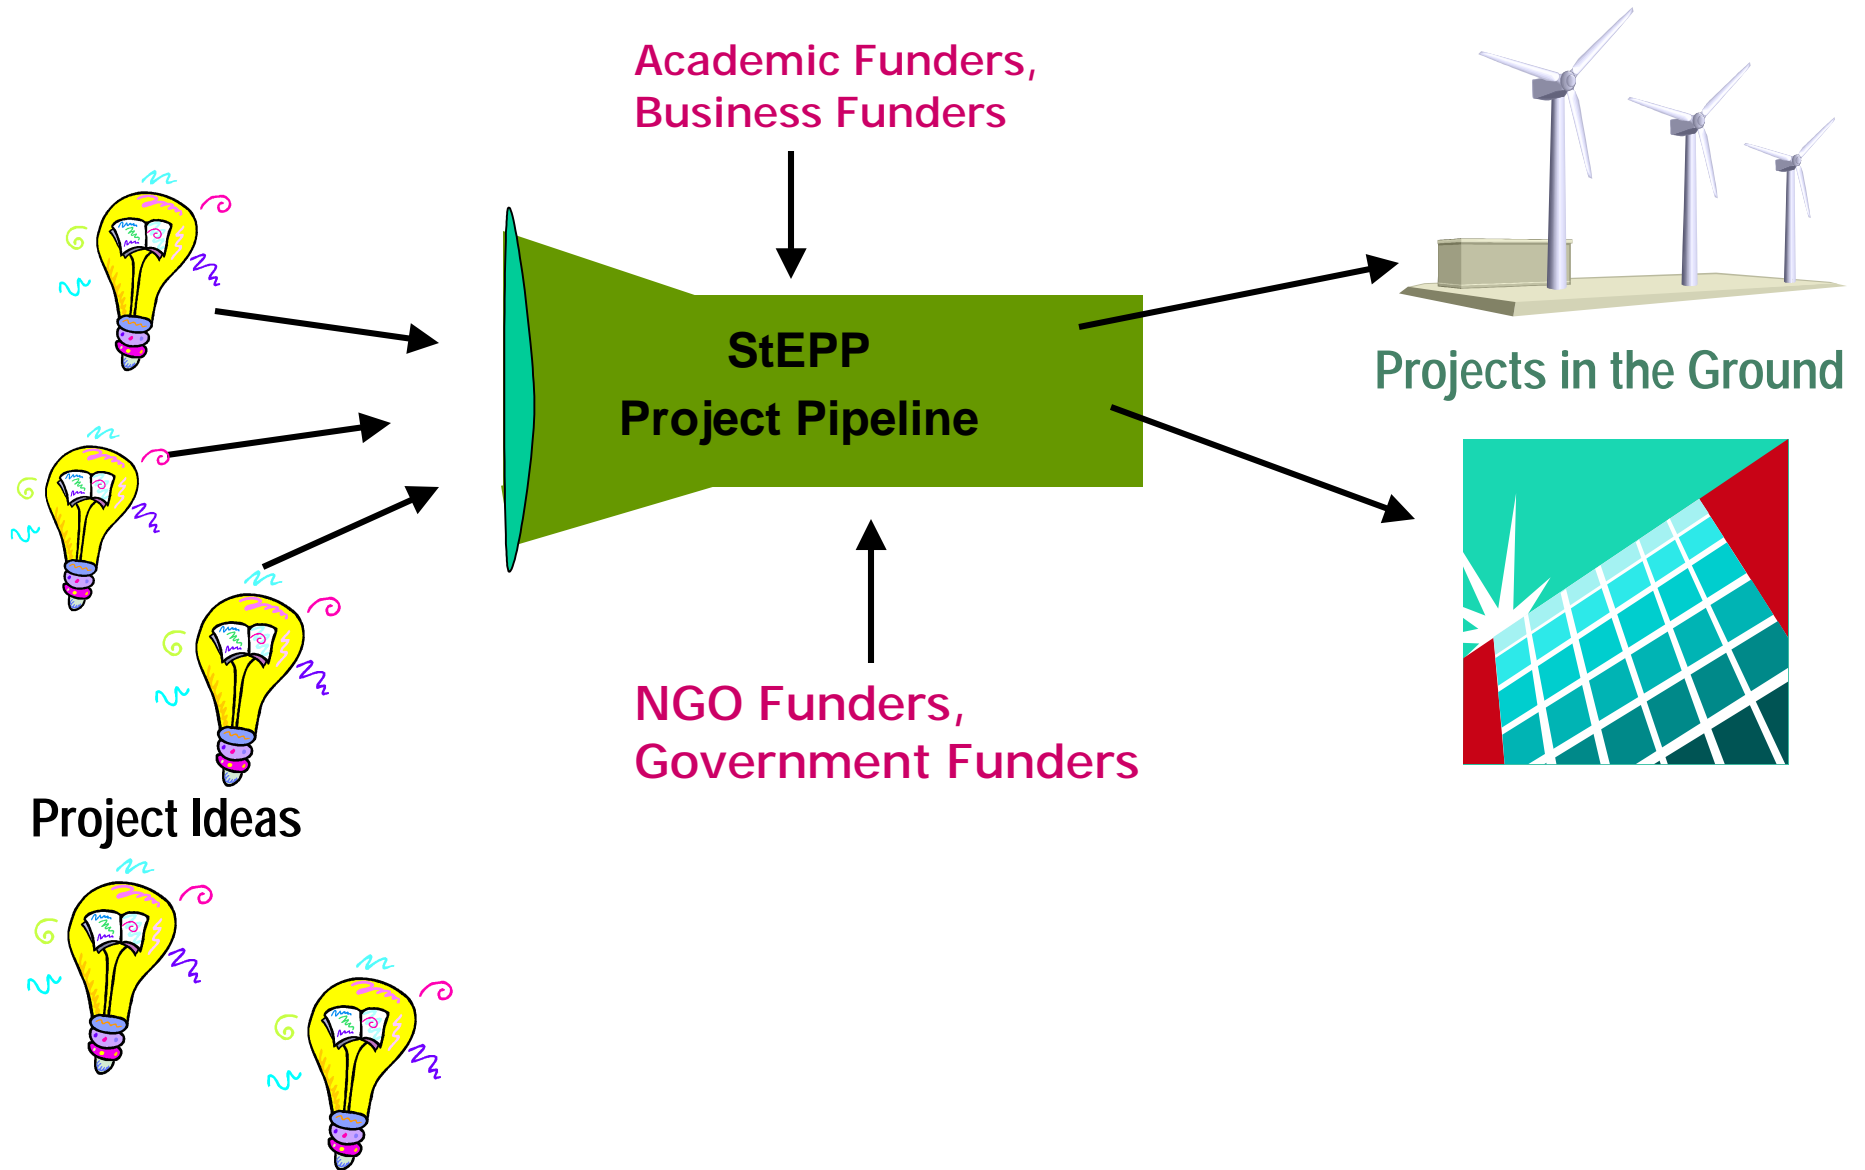

Strategy

- One Stop Project Identification, Screening, Management & Oversight
- Turnkey for SEP's
- Community Benefits
- Projects get in the ground
- Leveraging of other funds

Strategic Environmental Project Pipeline

- Organizations submit project ideas to the pipeline
- Unique project ideas for government entities and defendants/respondents
- Queriable database
- Best-match opportunities

StEPP Project Process

Projects in the Pipeline

- Media driven:
 - Air
 - Water
 - Land
 - Waste
 - Energy
 - Multi-media
- Nexus Criteria specificity
 - Geographical
 - Community benefited
 - Dollar amount
 - Target pollutants
 - Environmental attributes saved
